Main Site	Bardney
Job Title	Transport Planner
Contract Terms	Full Time, Permanent

OMEX

OMEX is the market leader in liquid fertilisers in the UK and Ireland, manufacturing and exporting a unique range of plant nutrients and crop health promoters nationally and internationally.

Overview of Role

The Planner supports the Senior Planner in managing logistics and distribution activities within a specific geographical area. This role focuses on executing daily vehicle planning, stock availability checks, and order fulfilment.

Key Responsibilities

- Assist in planning and executing vehicle movements and deliveries.
- Monitor stock levels and coordinate internal transfers.
- Ensure driver competency and training records are maintained, up to date, and aligned with operational and compliance standards.
- Maintain accurate records and support FIAS compliance.
- Communicate with hauliers and internal teams to resolve delivery issues.
- Support the Senior Planner in achieving operational goals.
- Collaborate with Customer Service Specialists on Irish bulk order input and speciality product distribution.
- Contribute to continuous improvement initiatives.
- Any other duties as reasonably required.

Qualifications, Skills and Experience

- Experience in logistics or distribution support.
- Strong organisational and communication skills.
- High level of numerical understanding.
- Proficiency in Excel and IT systems.
- A-level education or equivalent.
- Full UK driving licence.

Vision Strategy

Product Performance	Provide products that consistently meet / exceed expectations. Products that are reliable, efficient, accurate, easy to use and provide optimal nutrition to crops resulting in excellent crop yield, quality and sustainability.
Logistics	Maximum customer satisfaction achieved through efficient infrastructure, accurate demand forecasting, effective system management and cost optimisation.

Technical Support	Commercial teams possess a deep understanding of products and application to help farmers use fertilisers more efficiently, have effective communication skills, respond in a timely manner and have a customer centric approach.
Quality	Consistently high-quality standards achieved in operations through continual evaluation of processes and product formulations to eliminate problems.
Safety	Superior safety standards achieved through establishing a strong safety culture where employees recognize the importance of safety, feel confident in reporting hazards and have the necessary training to work safely.
People	An engaged, motivated and loyal workforce that are encouraged, empowered and given a work environment that provides opportunities to reach their full potential.
