### **OMEX**

OMEX is the market leader in liquid fertilisers in the UK and Ireland, manufacturing and exporting a unique range of plant nutrients and crop health promoters nationally and internationally.

OMEX Environmental has an opportunity for the role of Maintenance Engineer in a fast paced and varied role working predominantly at its chemical production facility, in Bardney, Lincolnshire.

### **Overview of Role**

As maintenance engineer you will be instrumental in maintaining operational efficiency of our manufacturing processes, fostering a safe working environment and driving continuous improvements

The role will cover all aspects of maintenance on a chemical mixing facility including involvement in onsite capital equipment installation, improvement modifications and making sure service records and routine testing is kept up to date.

In return you will become a key member of a small but very effective multi-skilled team and will have the opportunity to further yourself and develop professionally.

### **Key Responsibilities**

- Reporting to Production Manager
- Manage engineering parts stock levels and co-ordinate timely procurement of parts from suppliers.
- Maintaining Production equipment
- Implementation and maintaining of equipment logs and relevant maintenance schedules
- Support with onsite health and safety within the Environmental production area including issuing various permits as required
- Ensure flexibility to be able to assist in supplying engineering support across the overall business if required.

### **Qualifications, Skills and Experience**

- Educated to apprenticeship level NVQ 3 or hold a recognised engineering qualification
- 3 years minimum experience as a maintenance engineer in a manufacturing or continuous process environment
- Strong working knowledge of mechanical maintenance techniques
- Problem solving skills.
- Excellent communication skills
- Able to work on your own initiative as well as with other members of the production team.
- Prepared to help with production if required.

The company may require you to help in other sections of the group companies, carrying out other work and other duties as the workload requires, which may involve working at other company sites.

Preferably live within 30 minutes of Bardney airfield, Bardney, Lincoln

Pay: From £ 40K plus p.a.

Schedule:

Monday to Friday  
7.30am-5.00pm

### Vision Strategy

**Omex:  
Optimising  
Life's  
Essentials**

Our vision is to optimise life's essentials – food, energy and water – so people and planet can thrive for generations to come.

We do this through cutting edge, science-driven solutions that nourish soils and crops, power cleaner energy and purify water – turning vital resources into resilient systems to ensure we can all flourish in a changing world.

### Values

**Be in it for the long term.**

The best results come from long lasting relationships. So, think beyond the quick win. Invest in trust. Be there, be steady. And create value that endures.

**Embrace the challenge, see the opportunity.**

A challenge is simply opportunity in progress. With curiosity, agility and a can-do mindset, we turn obstacles in better ways forward for our colleagues, customers and communities.

**Roll up your sleeves & pursue excellence.**

We're all in and committed to quality. We bring energy, passion and high standards to everything we do. By giving our best and working as a team, we deliver excellence that helps our world thrive.

**Grow together, whether the weather.**

Storms pass, but strong partnerships endure. We learn continuously, support each other, and grow stronger by sticking together through every season.

**Do the right thing. Always.**

We put people first – customer, colleagues, and partners. Acting with integrity empathy and respect, even when it's hard is how we earn trust and build lasting relationships.
